Dear Ramon:

On behalf of the Certification Board of Governors, I would like to congratulate you on achieving the Certified Construction Manager (CCM) designation. You are now part of a growing segment of CM practitioners who have achieved the hallmark of their profession and are committed to delivering the highest possible service.

Certification is an important element in the growing recognition of construction management as a profession. Every designated CCM has a responsibility to uphold the standards of that profession, to continue to pursue his or her own development as a practitioner and to contribute to the continued enhancement of CM practice. Above all, the CCM must set a standard of honesty and integrity for all other practitioners to follow. As a CCM we look forward to your continued support.

Congratulations again, and I look forward to hearing of your continued success in the practice of construction management.

Sincerely,

A handwritten signature in black ink, appearing to read "Louis J. Couture".

Dear Ramon N.:

The Green Building Certification Institute would like to congratulate you for successfully meeting the challenge of the LEED® Professional Accreditation exam. In honor of your achievement and in appreciation of your participation in fostering sustainable design and construction, we are pleased to present you with the enclosed certificate.

You have earned several advantages upon becoming a LEED Accredited Professional. Your LEED registered building projects will benefit from your knowledge of the LEED Green Building Rating System™ and will be awarded the corresponding LEED point for using an Accredited Professional on the design team. You are hereby granted use of the "LEED Accredited Professional" and "LEED AP" titles for your business cards and resume. Use of the LEED logo is not permitted, as it is reserved for use solely by the U.S. Green Building Council and LEED Certified projects. Your name will be listed on our online directory of LEED Accredited Professionals in order to help potential clients get in touch with you and your services. If you have concerns with your listing or your name has been misspelled please do not hesitate to contact us at [www.GBCI.org/Contact](http://www.GBCI.org/Contact).

We look forward to seeing your building projects become registered and certified under the LEED Rating System as we further our common mission of transforming the building industry and creating a greener world for future generations.

Sincerely,

Peter Templeton  
President
